About us

We have been supplying plastic products for the construction industry since 1987. Our market share in Turkey is high. Our central office and some of the warehouses are located in İstanbul. We have branch offices and warehouses in Amasya, Samsun and Arbil. We are making shipments to numerous locations in Turkey, as well as Arbil, with our own lorry and truck fleet. We have over active 3000 customers in Turkey. Since we have a thorough knowledge of this industry and its needs, our product range includes products which we own the patents. In this context, **“exclusive research, development, production, sales and after sales support services”** is our slogan. We are developing new products according to customer demands. We produce and sell pipes for water, PVC Rain Gutters, PPR Pipes and Fittings, Heating Systems Pipes and Oxygen Barrier Pipes, Sanitary Pipes and Fittings, Galvanized and Black Natural Gas Pipes, PVC Hoses, Agricultural Systems, Sprinkler, Curtain Rails, Water Meter Box and Collector Cabinets, Pool Drainage Systems, Manhole – Catch Basins (catch pit), Drainage Systems, Stainless Steel Shower channels, Modular Channel Drain Systems, Drainage Systems, Sleeve and Mat, Corrugated Pipes and Fittings, HDPE Cable Protection Pipes and Fittings, Polyethylene Pipes, Corrugated Pipes and Fittings and everything from plastic...
